

Joseph Al-Ashram
Financial Planning & Analysis Director

I currently serve as Financial Planning & Analysis Director of Umniah Mobile Company since April 2015; I have over 18 years of experience in corporate finance, ranging from budget and financial analysis, management accounting, product costing, and strategy related tasks.

I have acquired and built up a solid finance experience through serving as a Senior Financial Analyst at Umniah Mobile Company, one of the leading telecom companies in Jordan, and had a print in budgeting and management accounting processes. Then joined as a Finance Manager at Darat Jordan holdings, a public shareholding company that focuses on investment and financial services and real estate development; I accomplished this objective by setting up a finance department from scratch, after that I joined DAMAMAX, one of the leading ISP companies in Jordan, as their Corporate Finance and Strategy Manager.

I hold a B.Sc. in Business administration, from the Hashemite University with CMA Degree and preparing for my CPA degree.
