

Our sincere PTA group,

Its my pleasure to join such a reputative group in order to enhance the relations between us parents and the outstanding school as yours. I am a mother of two teenagers, Issa 10th grade and Tamim 9th grade. We moved to Jordan after an extended stay in Qatar we have checked many IB schools, and we settled on the bishop School for boys which was indeed the right choice. I used to be an English and a French Language and Literature teacher, I have great passion to have direct communication with students therefore, I would like to be a part of the PTA so as to meet our own boys and girls needs in every aspect they look for.
